

The everyday electronic magnifier

When your eyesight begins to fail and your glasses are no longer enough, reading can become a tremendous challenge. This is where the VISIO 22/22+ comes in, helping you retain that all important independence. With magnification up to 60x, VISIO 22/22+ delivers exceptional levels of image clarity, with text and photos/illustrations displayed crisply and clearly on a 22" flat-screen monitor. VISIO 22/22+ magnifies printed texts but also photos and other objects in full color or contrasting colors if desired.

- Large 22" TFT widescreen monitor
- Crisp, clear picture at the press of a button
- Intuitively operated buttons with clear markings
- Aesthetically pleasing, stylish aluminium look
- Easy to use – Switch-on and go
- Complete standard functionality
- Energy-saving LED lighting

VISIO 22/22+

Retain your daily independence
with the VISIO 22/22+

Place your documents on the XY-table and VISIO magnifies them on a widescreen monitor. Size, contrast and brightness can be adjusted to suit your needs. All the controls are mounted at the bottom of the screen for easy access. For difficult reading material such as newspapers or receipts, the VISIO can enhance the text making it clearer. VISIO 22 is the standard model with 4 buttons and VISIO 22+ has 6 buttons and offers more contrasting color combinations. VISIO is the perfect solution for independent living.
