

Hand-held, portable HD magnifier

The i-loview 7 Full HD magnifier provides visually impaired people with the independence to enlarge text and images up to 120x the size on its 7-inch screen. With easy to see, easy to use buttons, controlling the size and colors of text and images is easy. Use close-up mode for reading of text or viewing of objects. Switch to distance mode to read signs, or check out things around you. The full HD camera provides great contrast and resolution, and images look sharp.

The rechargeable battery provides 4-hours of continuous use, anywhere, anytime you need it.

- Comfortable 7" wide-screen
- Easy to operate
- Magnification up to 120x
- Best HD picture quality and perfect contrast from every angle
- HD camera works in both close-up and distance mode
- Camera function captures image and stores on SD-card
- 4-hour battery life

Use i-loview 7 to read or view:

- Books, letters, and newspapers
- Photos
- Labels on medicine bottles, cans, etc.
- Road signs

The camera function records images and saves them on the included SD storage card for subsequent viewing.
